I am standing for MP as an independent for Newcastle upon Tyne North because you deserve a choice. I have a Masters in Politics (Research) and I'm currently undertaking a PhD in Politics and Theatre.

I am a talented and trained orator and can memorise large texts for whatever issue I am addressing. That is why I will be able to represent your views in Parliament and as an independent voice.

I am a King, I will obviously be raising taxes, it goes with the territory but guess who will be paying? That's right, the 1% billionaire class. In addition we will be encouraging investment and will advocate for low tax for working people.

How I will govern:

Consent - Always act with integrity. Respect your own boundaries and other peoples' boundaries. Be aware of power dynamics, and of intentional or unintentional manipulation, pressure or coercion.

Participation - The more you put in, the more you get out. Jump in, stretch your limits and contribute to a rich & supportive environment.

Radical Self-Reliance - You are responsible for you. Make sure you have everything you need to survive and thrive. Nourishing food, enough water, good rest, and emotional support.

Leave A Better Trace - We clean up after ourselves; we leave the place as we found it – or better!

Radical Inclusion - We welcome the stranger and value people for their unique contributions. Include others as you want to be included: with respect, consideration and kindness.

Immediacy - Make now count, there is no other moment but this one. Experience, participate, be present. This is all there is, and you are exactly where you need to be.

**Education - Communal Effort - Civic Responsibility
Radical Self-Expression - Gifting**

I am a skilled community facilitator and have compiled case studies regarding organised crime, human trafficking and hidden knowledge.
